

Name: Ludgardo Andres Davalos Castaneda

Birthdate: 9/03/1998

University : AP University of Antwerp

ABOUT ME:

Hey I'm an Belgian student who was born in Ecuador.I've been since my 2years in Belgium. I'm currently studying Elektronik-ict. My passion are sport; software and hardware. I like to create my own projects and hardware and play with it.

HOBBIES:

My hobbies are football and fitness. I play in an amateur football team but due to corona the season has stopt. I've been working out for like 5 years but last year I stopped because of an injury but next year will be my come back.

EXPERIENCE:

I got alot of software experience. I've coded in python,java,javascript,c++,c#,angular,typescript,css and html. I know the basics to program a microcontroller. I work a lot with the raspberry pi and I like to work around linux.
